Authentic Trainings, LLC
PRACTICAL, RELATABLE, & COMPASSIONATE

Announcement

Authentic Trainings LLC is pleased to announce a collaboration with The Varalli Group to provide Trauma 101 and Intermediate Trauma Responsiveness training to criminal justice professionals, first responders, medical providers, counselors and peer recovery advocates.

Lisa Ardner and I presented at the NYS Probation Officers Association Conference in July and gave an overview of the trauma trainings. It was very well received and we had excellent reviews. We also provided a two hour workshop for the NY Association of Treatment Court Professionals on Trauma Responsiveness, with the same response.

Trauma 101 and Intermediate Trauma Responsiveness takes you beyond basic trauma informed care and gives you real life skills and a deeper understanding of the need ro recognize trauma triggers, prevent re-traumatization and de-escalation skills that end in better outcomes.

We are available to provide this training to your organization and are always willing to develop a training specific to your needs.
