PRACTICAL, RELATABLE, & COMPASSIONATE

Greetings!

Imagine if your team spoke the same language, worked in partnership, and shared a uniform training experience. Imagine what would be possible with less conflict, better communication, improved clinical notes, and strong team relationships.

How would a culture of radical acceptance, compassion, and empowerment impact your onboarding process, enrich client outcomes, and improve employee retention?

Research shows that the higher the empathy and compassion of the staff, the better the outcomes and the longer employees stay with a company.

The truth is that people will often stay at a job with lower pay if they have high job satisfaction, make meaningful contributions, and feel valued.

We can help you make this dream a reality.

Our newest product, Motivational Interviewing Training: A Step-by-Step Guide to Empower Others Towards Change and Growth, is now available as an asynchronous, private-labeled training solution for organizations.

Use this training to turn your great hires into exceptional professionals. This on-demand training makes onboarding staff and creating a unified company culture easy.

The best part is you can now offer this evidence-based training with your company logo, providing a seamless experience for your employees.

By working with Authentic Training, you will provide quality, custom training for your workforce and underscore your commitment to person-first care and employee well-being.

This asynchronistic Motivational Interviewing training is the perfect private-label solution for organizations that need to ??

- *Onboard new staff with fidelity to MI for consistent agency culture.*
- *Increase client engagement and retention, even with mandated individuals.*

- *Enhance internal communications for better supervisor and staff relationships.*
- *Decrease employee burnout, empathy fatigue, and turnover.*
- *Provide employees with practical, evidence-based conversational skills that lead to long-term employee satisfaction and resilience.*
